Secure checkout

### 2. TradersPost Webhook Setup

Connect your account **via tripwire**.

**via tripwire**

WEBHOOK URL

<https://webhooks.traderspost.io/...>

This URL is unique to you.  
Do not share it with others.

**WEBHOOK SAVED**

Use both links above to get connected.

03

Paste YOUR webhooks

Match 25k / 50k / 150k to your account (Send OFF on every desk). Then paste YOUR webhooks.  
Eval crusher = 1-seat, size follows that pick. Daddys funded = 1 seat or 3 seats (Send OFF).

4 / 5

# 05 When to pay · when to size up

Match 25k / 50k / 150k on My bots (Send OFF). 25k = flat 1. 150k = 2–7 then 4–9.  
Remaining room \$700 or lower → group GUALG, 1 MNQ, no payout.  
Profit ladder below is the default 50k book (\$2k trail). Size-up = more accounts, not more MNQ.

| On the account                | Size                                   | Payout                                             |
|-------------------------------|----------------------------------------|----------------------------------------------------|
| Remaining room \$700 or lower | 1 MNQ                                  | Do not take a payout this thin                     |
| \$1,000 profit                | 1 seat · 1–3 MNQ                       | No payout — still building                         |
| \$2,000 profit                | Lock · can press 2–4                   | Not a payout. This is the lock cushion — do not    |
| \$3,000 profit                | Stay 2–4                               | Wait. Leave the \$2k lock on the account           |
| \$4,000 profit                | Stay 2–4                               | First payout — take ~\$2,000, leave \$2k on the ac |
| \$5,000 profit                | Stay 2–4                               | Can pay down toward the lock. Do not size past 2   |
| \$6,000 profit                | Stay 2–4 · 3 seats OK if you have 3 fu | Pay on schedule. Add copies, not more MNQ          |
| \$7,000 profit                | Stay 2–4                               | Pay toward the lock. Another 50k eval beats fatt   |
| \$8,000 profit                | Stay 2–4                               | Pay on schedule. Still copies, not 8 MNQ           |
| \$9,000 profit                | Stay 2–4                               | Pay on schedule                                    |
| \$10,000 profit               | Stay 2–4 on this book                  | Pay yourself. New 50k or 3-seat — never 10 MNQ o   |
| Every +\$1,000 after          | Stay 2–4 on this book                  | Pay on schedule. Scale accounts, not contract si   |
